**Fort Lauderdale, FL – November 17, 2017** - Just in time for Oscar® season, the epic World War II thriller, Dunkirk: The IMAX 2D Experience®, by acclaimed director, Christopher Nolan, returns to AutoNation IMAX Theater for a special limited engagement December 1, 2, 3, 8, 9 & 10, 2017 at the AutoNation IMAX Theater, starring Tom Hardy, Cillian Murphy, Kenneth Branagh, Mark Rylance, Harry Styles and James D'Arcy. Tickets available by phone 954.713.0930, online at: <http://mods.org/IMAX/films/Dunkirk/index.html> or at the box office.

Directed and written by Christopher Nolan, Dunkirk is about one of the most amazing events of World War II --- the evacuation of hundreds of thousands Allied troops from the French city of Dunkirk before the approaching Nazi forces can take hold. In May 1940, Germany advanced into France, trapping Allied troops on the beaches of Dunkirk. Over a period of eight days, under air and ground cover from British and French forces, troops were slowly and methodically evacuated from the beach using every serviceable naval and civilian vessel that could be found. At the end of this heroic mission, 330,000 French, British, Belgian and Dutch soldiers were safely evacuated. Dunkirk is rated PG-13 for intense war experience and some language.

Dunkirk will be shown in 4K IMAX with Laser 2D format. Continuing the legacy begun by his use of the 15 perf,65mm IMAX® cameras in The Dark Knight, The Dark Knight Rises, and Interstellar, Christopher Nolan captured almost 100 minutes of Dunkirk using IMAX® cameras. Only the AutoNation IMAX Theater's IMAX with Laser 4K projection system will allow audiences to experience the full size of these expanded IMAX scenes on a six-story-high screen. The unprecedented crispness and clarity of the giant screen images combined with IMAX's next-generation 12-channel, 114-speaker sound system will provide moviegoers with a truly immersive cinematic experience.

***Dunkirk: The IMAX 2D Experience®***

**ABOUT THE AUTONATION® IMAX 3D THEATER**

The 300-seat theater AutoNation® IMAX 3D Theater, owned and operated by the Museum of Discovery and Science, opened in 1992. The science of cinema has been raised to the level of Magic at the AutoNation IMAX 3D Theatre now that IMAX with Laser is illuminating the six story screen by lasers. This new technology with dual 4K laser projectors has revolutionized the way we experience 3D films on the big screen. The new laser projector technology offers brighter images, intense colors, and incredible detail that will leave you in awe.

There's also a next-generation immersive 12-channel sound system featuring 114 speakers capable of 52,000 watts of digital sound. Whether it's a pin drop or feeling the heart-palpitating force of a volcano, audiences will experience a new kind of visceral sound experience.

IMAX with Laser is a blend of science and art to deliver a cinema experience that suspends disbelief and transports audiences to new worlds. It's the difference between watching a movie and being a part of one. The AutoNation IMAX 3D Theater is the only place in Florida where you can experience the power of IMAX with Laser and is one of only three Certified Giant Screen® theaters in Florida as certified by the [Giant Screen Cinema Association](#). For show times call 954.463.IMAX (4629) or visit [www.mods.org](http://www.mods.org). More information here:
