AVENGERS: INFINITY WAR
Opens Thursday, April 26, 2018, at the AutoNation IMAX Theater.

First Hollywood film to be shot entirely with IMAX cameras!
See up to 26% more image on a six-story-high screen

Fort Lauderdale, FL – March 29, 2018 - The highly anticipated superhero film Avengers: Infinity War opens Thursday, April 26, 2018, AutoNation IMAX Theater, starring an ensemble cast including Robert Downey Jr., Josh Brolin, Mark Ruffalo, Tom Hiddleston, Chris Evans, Chris Hemsworth, Jeremy Renner and Chris Pratt.

Avengers: Infinity War marks the first Hollywood film to be shot entirely with IMAX cameras. Exclusively in IMAX theaters, Avengers: Infinity War will be presented in an expanded IMAX 1.9:1 aspect ratio, offering moviegoers up to 26% more of the image than standard theaters for a truly immersive experience.

Avengers: Infinity War will be shown in both 3D and 2D format on our 4K IMAX with Laser projection system featuring IMAX’s next-generation, enhanced 12-channel system with 114 speakers capable of 52,000 watts of digital sound and a six-story-high screen. See what 26% more image looks like at: https://www.youtube.com/watch?v=K66PrKCWyIM

ABOUT THE FILM
As the Avengers and their allies have continued to protect the world from threats too large for any one hero to handle, a new danger has emerged from the cosmic shadows: Thanos. A despot of intergalactic infamy, his goal is to collect all six Infinity Stones, artifacts of unimaginable power, and use them to inflict his twisted will on all of reality. Everything the Avengers have fought for has led up to this moment – the fate of Earth and existence itself has never been more uncertain.

Guardians of the Galaxy director, James Gunn, who received an early viewing of the film, tweeted the following: “Avengers Infinity War is INCREDIBLE. Wow!!!! And that’s all I’ll say for the time being.” – https://twitter.com/JamesGunn/status/976624295781613569

Tickets available by phone 954.713.0930, online at: https://mods.org/films/avengers-infinity-war/ or at the box office.

ABOUT THE AUTONATION® IMAX 3D THEATER
The 300-seat theater AutoNation® IMAX 3D Theater, owned and operated by the Museum of Discovery and Science, opened in 1992. The science of cinema has been raised to the level of Magic at the AutoNation IMAX 3D Theatre now that IMAX with Laser is illuminating the six story screen by lasers. This new technology with dual 4K laser projectors has revolutionized the way we experience 3D films on the big screen. The new laser projector technology offers brighter images, intense colors, and incredible detail that will leave you in awe.

There’s also a next-generation immersive 12-channel sound system featuring 114 speakers capable of 52,000 watts of digital sound. Whether it’s a pin drop or feeling the heart-palpitating force of a volcano, audiences will experience a new kind of visceral sound experience.

IMAX with Laser is a blend of science and art to deliver a cinema experience that suspends disbelief and transports audiences to new worlds. It’s the difference between watching a movie and being a part of one. The AutoNation IMAX 3D Theater is the only place in Florida where you can experience the power of IMAX with Laser and is one of only three Certified Giant Screen® theaters in Florida as certified by the Giant Screen Cinema Association. For show times call 954.463.IMAX (4629) or visit www.mods.org. More information here: http://www.mods.org/IMAX/Laser/4K%20Laser/4K_Laser.html
