MUSEUM OF DISCOVERY AND SCIENCE
CALENDAR OF EVENTS
April 2, 2019
(Additional photos available upon request)

Museum of Discovery and Science and AutoNation® IMAX 3D Theater
401 SW Second Street, Fort Lauderdale, Florida 33312
954-467-6637 or 954-463-IMAX (4629)

There is always something new happening at the Museum of Discovery and Science. Spend a
day of discovery exploring hundreds of interactive exhibits including an outdoor Science Park.
Visitors can take a ride on the Everglades Airboat Adventure, experience hurricane force winds
in the Storm Center, dig for fossils alongside a giant prehistoric megalodon, get close to a
confrontation between a saber-toothed cat and an Imperial mammoth, and enjoy the playful
antics of North American river otters in their two-story indoor/outdoor habitat. See exciting
science demonstrations and presentations. Discover the amazing Everglades in the Florida
EcoScapes exhibit. Hang out with bats, turtles and sharks. Meet an alligator and be charmed by a
6-foot-long snake. Take a ride to Mars or soar through the skies in an FA-18 cockpit simulator.
Immerse yourself in a six-story-high film adventure at the AutoNation® IMAX 3D Theater,
home of the BIGGEST screen in South Florida featuring IMAX with Laser. Whether you’re two
or 82 visit the Museum of Discovery and Science and enjoy a full day of family fun.

IMAX with Laser now illuminating the AutoNation IMAX 3D Theatre
The science of cinema has been raised to the level of magic at the AutoNation IMAX 3D Theatre
now that IMAX with Laser is illuminating the six story screen. This new technology with dual
4K laser projectors has revolutionized the way we experience 3D films on the big screen. The
new laser projector technology offers brighter images, intense colors, and incredible detail that
will leave you in awe.

There’s also a next-generation immersive 12-channel sound system featuring 114 speakers
capable of 52,000 watts of digital sound. Whether it’s a pin drop or feeling the heart-palpitating
force of a volcano, audiences will experience a new kind of visceral sound experience.

IMAX with Laser is a blend of science and art that delivers a cinema experience that suspends
disbelief and transports audiences to new worlds. It’s the difference between watching a movie
and being a part of one. The AutoNation IMAX 3D Theater is the only place in Florida where
you can experience the power of IMAX with Laser.

**GREAT BARRIER REEF 3D**  
Now Showing through April 26, 2019  
Every year millions of visitors travel by way of fins, flippers and feet to see one of the seven wonders of the natural world: the Great Barrier Reef – a living treasure trove of biodiversity. There is still so much to learn and knowledge is the key to understanding more about this living Eden. A thriving metropolis populated by a cast of characters straight out of an adventure novel – heroes, bad guys, sidekicks, lovers and clowns – they’re all players in this vast underwater drama. Today, a new generation of reef guardians are committed to protecting this marine reserve, making a difference and sharing their knowledge of this extraordinary ecosystem, the beating heart of the reef. Learn how this amazing sanctuary has endured for thousands of years and will continue to do so far into the future.

**GREAT BEAR RAINFOREST 3D**  
Now Showing through December 31, 2019  
This beautiful giant screen film is about one of the rarest animals on Earth – the fabled all-white Spirit Bear. These remarkable creatures live in the lush temperate rainforests of British Columbia on Canada’s West Coast, where they hold almost mythic status among the region’s indigenous people. Shot exclusively for the giant screen, GREAT BEAR RAINFOREST will offer a remarkable journey into one of the planet’s most spectacular wildernesses – a land of wolves, grizzly bears, humpback whales, sea lions, sea otters and others – as it explores the secret world of the Spirit Bear. Sponsored locally by Save Our Seas Foundation.

DUMBO: THE IMAX 2D EXPERIENCE®
Opening March 28 – April 4, 2019
From Disney and visionary director Tim Burton, the all-new grand live-action adventure “Dumbo” expands on the beloved classic story where differences are celebrated, family is cherished and dreams take flight. Circus owner Max Medici (Danny DeVito) enlists former star Holt Farrier (Colin Farrell) and his children Milly (Nico Parker) and Joe (Finley Hobbins) to care for a newborn elephant whose oversized ears make him a laughingstock in an already struggling circus. But when they discover that Dumbo can fly, the circus makes an incredible comeback, attracting persuasive entrepreneur V.A. Vandevere (Michael Keaton), who recruits the peculiar pachyderm for his newest, larger-than-life entertainment venture, Dreamland. Dumbo soars to new heights alongside a charming and spectacular aerial artist, Colette Marchant (Eva Green), until Holt learns that beneath its shiny veneer, Dreamland is full of dark secrets. Rated PG.

HOLLYWOOD FULL-LENGTH FEATURE FILMS – COMING SOON

SHAZAM!: THE IMAX 2D EXPERIENCE®
Opening April 4, 2019
We all have a superhero inside us, it just takes a bit of magic to bring it out. In Billy Batson’s case, by shouting out one word—SHAZAM!—this streetwise 14-year-old foster kid can turn into the adult Super Hero Shazam, courtesy of an ancient wizard. Still a kid at heart—inside a ripped, godlike body—Shazam revels in this adult version of himself by doing what any teen would do with superpowers: have fun with them! Can he fly? Does he have X-ray vision? Can he shoot lightning out of his hands? Can he skip his social studies test? Shazam sets out to test the limits of his abilities with the joyful recklessness of a child. But he’ll need to master these powers quickly in order to fight the deadly forces of evil controlled by Dr. Thaddeus Sivana. Rated PG-13.

AVENGERS: ENDGAME: THE IMAX 2D EXPERIENCE®
Opening April 25, 2019
Adrift in space with no food or water, Tony Stark sends a message to Pepper Potts as his oxygen supply starts to dwindle. Meanwhile, the remaining Avengers -- Thor, Black Widow, Captain America and Bruce Banner -- must figure out a way to bring back their vanquished allies for an epic showdown with Thanos -- the evil demigod who decimated the planet and the universe. Avengers: Endgame is the second Hollywood film to be shot entirely with IMAX cameras. This means that exclusively in IMAX theatres, Avengers: Endgame will be presented with up to 26% more picture than standard theatres, for a truly immersive experience. Rated PG-13.

ALADDIN: AN IMAX 3D EXPERIENCE®
Opening May 23, 2019
Aladdin is the exciting tale of the charming street rat Aladdin, the courageous and self-determined Princess Jasmine and the Genie who may be the key to their future. Aladdin stars Will Smith as the larger-than-life Genie; Mena Massoud as the charming scoundrel Aladdin; Naomi Scott as Jasmine, the beautiful, self-determined princess; Marwan Kenzari as Jafar, the powerful sorcerer; Navid Negahban as the Sultan concerned with his daughter’s future; Nasim Pedrad as Dalia, Princess Jasmine’s free-spirited best friend and confidante; Billy Magnussen as the handsome and arrogant suitor Prince Anders; and Numan Acar as Hakim, Jafar’s right-hand man and captain of the palace guards. Directed by Guy Ritchie, who brings his singular flair for fast-paced, visceral action to the fictitious port city of Agrabah. Not yet rated.

DESIGN ZONE: Merging Math & Science with Creativity
January 19 – April 28, 2019
Discover that math isn’t just a subject in school—it’s a fundamental, creative tool that artists and engineers use to design and invent! Design Zone highlights the relationship between mathematical thinking and the creative process in art, music, and engineering. Visitors solve real-world challenges. Design Zone is organized into three interactive thematic areas. Each thematic area draws visitors into real-life scenes of music production, video game development, and extreme sports that directly and experientially relate mathematical concepts. Sponsored locally by the Museum’s official transportation partner, Brightline.

PERMANENT EXHIBITS
DESIGN! BUILD! PLAY! KEVA!

Design! Build! Play! KEVA! is a wonderful new exhibit recently added to the Museum of Discovery and Science. This exhibit allows visitors to think and create in three dimensions. They can work together to unravel physics challenges using principles of balance, geometric shapes and stability to engineer and build creations with structural integrity. The exhibit blends an art gallery and a science lab to create a perfect location to design and invent. Sponsored by the Meike and Dominick Miniaci.

**Download the Museum of Discovery & Science APP**
In partnership with United Way of Broward County, the Museum of Discovery and Science has launched its new Museum app. The app was created by Broward County high school students as part of APP-titude, a two-year internship for high school juniors and seniors.

The free Museum of Discovery & Science app is available in the app store for both Android and Apple platforms. The app allows guests to explore ten exhibit areas in the Museum (Discovery Center, EcoScapes, Go Green, Storm Center, Prehistoric Florida, Otters at Play, Gems and Minerals, To Fly, Powerful You, Gizmo City) and includes augmented reality and video experiences. In addition, the app provides information on the Museum experience and IMAX, including a virtual tour. The overall design and launch of the app was supported by Daruma Tech.

**SOCIAL EVENTS**

**PARTY AT THE MUSEUM – FACILITY RENTALS**
**Entertain your guests** in the most unique event venue in South Florida by reserving the Museum of Discovery and Science exclusively for your next private gathering. Spanning two floors the Museum features over 200 dynamic exhibits including live animals. Whether it's a holiday party, dinner, awards banquet, wedding or picnic, groups from 25 to 3,000 will find an exciting indoor and/or outdoor setting to create a successful event. The possibilities are limited only by your imagination. From sophisticated splendor to casual fun, our experienced event planning staff will assist you in creating an innovative event that is tailored to your group’s specific needs. **Call 954.713.0915 or email sales@mods.net.**

**CAMP DISCOVERY**
Camp Discovery is designed to give children ages 6-12 entire days filled with exploration and hands-on learning. One-day and five-day camps are offered. Camp runs from 9 a.m. to 5 p.m.

Three-day camps are $150 for museum members and $175 for non-members.
Five-day camps are $200 for museum members and $225 for non-members.

All camps include an exciting IMAX® Film Adventure.

One-Day Camp Adventures

Skin and Bones
April 19, 2019
Bodies and living animals do some amazing things to stay healthy. Meet animals that shed their skin or even their skeleton to grow and stay clean. See the skulls and skeletons of different animals to discover how bone structure can help with survival. Play the bone game and see your own cells under a microscope.

Keeping it Cool
August 12-13, 2019
Stay cool by exploring all things below zero! Explore places like the Arctic circle and Antarctica to learn what makes them some of the world’s most unique habitats, experiment with some of the coldest substances, dry ice and liquid nitrogen, then learn how humans and animals have adapted to surviving extreme temperatures!

Three-Day Camp Adventures

Super Power Dogs
June 5-7, 2019
Did you know that dogs have incredible talents that can benefit humans? Discover just how powerful a canine’s senses are through a scavenger hunt; participate in our ‘dog’ training challenge to learn how intelligent canines really are, and watch Superpower Dogs in IMAX!

Five-Day Camp Adventures

Masters of Disaster
March 25-29, 2019
Let’s wreak havoc this week, as we become masters of disaster. Explore what it takes to engineer buildings that can withstand natural disasters, such as hurricanes, earthquakes, and tornadoes. Learn how emergency response teams navigate rough terrain to save lives.

For more dates and information call 954.713.0930 or visit https://mods.org/programs/camp-discovery/

Hall of Heroes
June 10-14, 2019
Have you ever wondered how Spiderman can swing from thin strands of web or how Storm manipulates the weather? Discover the science behind Superman’s heat vision, Elastigirl’s flexibility, Flash’s super speed, and more! Explore our newest exhibit Hall of Heroes this week as we investigate the ways super heroes manipulate nature and science to fight crime!
•Comic Collectors (grades 1 & 2)
•Cosplayers (grades 3 & 4)
•Crime Fighters (grades 5 & 6)

Zombie Survival Training
June 17-21, 2019
Are you ready to take on our zombie survival training? This week, we will learn about zombie myths, how to prevent the spread of pesky germs that make us sick, investigate how scabs and bruises are our body’s way of healing, and participate in zombie agility courses! Then of course, learn all about BRAINS!
•Infected Investigators (grades 1 & 2)
•Contaminated Creatures (grades 3 & 4)
•Radioactive Rebels (grades 5 & 6)

Game on!
June 24-28, 2019
Get competitive this week as we learn all about the science behind classic toys and games! Discover the scientific secrets behind old and new favorites and engineer a few of your own. Then, practice strategy and logic to win popular board games and take on the challenge of game board design!
•Sock Monkeys (grades 1 & 2)
•Candy Land Crusaders (grades 3 & 4) •Angry Birds (grades 5 & 6)

Fizz, bang, Boom!
July 1-5, 2019
Celebrate the 4th of July with some crazy chemistry experiments, festive explosions, and unusual noise makers! All week long we’ll be learning about the states of matter using everything from the simple to the awe-inspiring! Discover how fireworks explode into different colors, and design your own instruments in our maker’s lab!
•The Sparklers (grades 1 & 2)
•The Bottle Rockets (grades 3 & 4)
•The Mad Scientists (grades 5 & 6)

Food-ology
July 8-12
Become a food scientist and learn how chemistry and biology play a part in the world of food science. Discover how pickles are made, learn how to make your own butter, explore what makes bread so fluffy, and then take a walking field trip to Kilwin’s to learn about the science of making chocolate! (Campers will not be cooking during this week).
•Sweet-tooth Scientists (grades 1 & 2)
•Hungry Chemists (grades 3 & 4)
• Gourmet Engineers (grades 5 & 6)

To the Moon and Back
July 15-19, 2019
Celebrate the 50th anniversary of the first moon landing with a week filled with space science fun! Learn why the moon goes through different phases, engineer rockets, explore the parts of a comet, and investigate what makes Earth the most unique planet!
• Astro-tots (grades 1 & 2)
• Space Rangers (grades 3 & 4)
• Galaxy Gurus (grades 5 & 6)

Full STEAM Ahead
July 22-26, 2019
Bring out your creative side for STEAM week! We will be pushing the limits of creativity and encouraging dirty, messy, colorful science! Learn about chemistry while making fizzy works of art in our chem-ART-istry studio, bring botany into your colorful creations to learn about plant anatomy, and learn the physics behind making your own glow-in-the-dark sidewalk chalk!
• Super Scientists (grades 1 & 2)
• Artsy Engineers (grades 3 & 4)
• Crazy Chemists (grades 5 & 6)

Expedition Florida
July/August 29-2, 2019
Discover the wonders of Florida by exploring the nature all around us! We’ll learn about animals and plants that live in the Everglades, and investigate why even creepy crawlies play an important role in nature. Come meet the Museum’s own native Florida ambassador animals!

**OVERNIGHT CAMP-INS: Friday and Saturday evenings, year-round**

Have the ULTIMATE Museum Camp-In or Discovery Workshop experience with exclusive access to hundreds of hands-on exhibits, live animal encounters, labs, dynamic science shows, flight simulators, rides and the BIGGEST IMAX screen in South Florida showing some of Hollywood’s newest blockbuster movies.

Choose from these camp-in themes: **Awesome Animals**, **Crazy Chemistry**, **Cosmic Kids**, **Electricity, Engineering and Marshmallows**, **Freaky Forensics (NEW Theme) GUTS!**, and **Roller Coaster Physics**. Supervised, age-appropriate science activities, workshops, exhibit explorations, pizza dinner and live-animal encounters round out a fun-filled evening before “lights-out” in the exhibit sleeping area. Group camp-ins are open to scout groups, schools, church groups, recreation center groups and other youth organizations looking for a night of fun and unique activities.

Each camp lasts from 6:30 p.m. to 8:00 a.m. IMAX® films will be an additional charge per person (child or chaperone). Group programs require a 40-participant minimum. Both programs include pizza dinner, all activities, and exploration of the Museum

- **Rockin’ Roller Coaster**
  Imagine designing your own roller coaster and then riding it with your friends inside our MaxFlight Simulator. It’ll be a rockin’ and rollin’ party to remember.

- **Awesome Aeronautics**
  Take off in this thrilling birthday ride of a lifetime. You and your friends can turn incredible aerial stunts or engage an aerial dogfight in our MaxFlight Simulator. Also enjoy time in the Aviation Station exhibit.
ABOUT THE MUSEUM OF DISCOVERY AND SCIENCE
The mission of the Museum of Discovery and Science is to provide experiential pathways to lifelong learning in science for children and adults through exhibits, programs and films. Founded in 1976 as The Discovery Center, the Museum provides enriching Science, Technology, Engineering and Mathematics (STEM) education to approximately 400,000 visitors annually. As a nonprofit organization, major operational support for the Museum is provided through generous funding by Leadership Guild members including: JM Family Enterprises, Inc., Jet Blue and Wells Fargo.

The Museum is open every day of the year including Thanksgiving and Christmas except for one day in the spring for our Annual Wine, Spirits and Culinary Celebration and one day in the fall for our Annual Gala on October 26, 2019. The Museum is open Monday through Saturday from 10 a.m. to 5 p.m., and Sunday from noon to 5 p.m. Ticket prices are $17 for adults; $16 for seniors 65+; $14 for active/retired military personnel; $14 for children 2 to 12. Children under 2 are free. A 45-minute IMAX documentary or Hollywood movie can be added for a small up charge. The Museum of Discovery and Science is located downtown at 401 SW Second Street, Fort Lauderdale, Florida 33312. For more information about the Museum, call 954.467.MODS (6637) or visit our website at www.mods.org

ABOUT THE AUTONATION® IMAX 3D THEATER
The 300-seat theater AutoNation® IMAX 3D Theater is owned and operated by the Museum of Discovery and Science. In 2017, the Theater was completely reimagined to be the first in Florida to feature IMAX with Laser raising the science of cinema to the level of magic. This new technology with dual 4K laser projectors has revolutionized the way we experience 3D films on the six-story-high screen. The new laser projector technology offers brighter images, intense colors, and incredible detail that will leave you in awe.

There’s also a next-generation immersive 12-channel sound system featuring 114 speakers capable of 52,000 watts of digital sound. Whether it’s a pin drop or feeling the heart-palpitating force of a volcano, audiences will experience a new kind of visceral sound experience.

IMAX with Laser is a blend of science and art that delivers a cinema experience that suspends disbelief and transports audiences to new worlds. It’s the difference between watching a movie and being a part of one. The AutoNation IMAX 3D Theater is the only place in Florida where you can experience the power of IMAX with Laser and is one of only three Certified Giant Screen® theaters in Florida as certified by the Giant Screen Cinema Association. For show times call 954.463.IMAX (4629) or visit www.mods.org.
