Fort Lauderdale, Fla. (April 1, 2022) - The Museum of Discovery and Science (MODS) hosted its 25th Annual Bank of America Wine, Spirits and Culinary Celebration on Friday, March 11, 2022, and the event raised funds to support the Museum’s accessibility and inclusivity initiatives. The evening was presented by Bank of America and featured more than 60 South Florida restaurants, fine wines, spirits and craft beers enjoyed by approximately 1,600 guests. Since its inception 25 years ago, this event has raised more than $5 million. All proceeds support the Museum’s mission of connecting people to inspiring science.

“How wonderful to celebrate 25 years together in person at our community’s hometown science museum,” said Joseph P. Cox, president & CEO of MODS. “A big thank you to the sponsors, guests, restaurants and spirits purveyors and MODS staff for their steadfast support, which goes directly to our Opening Doors accessibility initiatives. It was a delicious evening of scrumptious bites, delectable sweets, wines and spirits. Most importantly, we came together to help provide access for those who are underserved in our community.”

MODS strongly believes that every individual, regardless of financial means, should be able to visit the Museum. Our Opening Doors Initiative enables individuals, families and educational groups better access to the Museum and its resources. This evening helped underwrite the Museum’s Opening Doors initiatives. These inclusivity and accessibility programs have a direct impact on our south Florida community, especially children.

“For 25 years, we have celebrated alongside The Museum of Discovery & Science as part of a shared mission to inspire learning,” said Lori Chevy, president, Bank of America Fort Lauderdale. “The funds raised during this event will provide underserved members of our Broward County community with an opportunity to experience MODS through educational programs, accommodations and discounts.”
The Grand Tasting took place from 6:30 to 9 p.m. and VIP access began at 5:30 p.m. followed by the Afterparty Lounge where guests continued to enjoy additional culinary delights and danced under the Great Gravity Clock.
